Contract Let To Standard Gravel

The main item of business at the Municipal Council meeting Tuesday was the letting of the contract for the graveling of the 15 or 16 miles of road to be gravelled this summer. After study of the various bids, the contract was let to the Standard Gravel Co. of Calgary, who will crush the gravel and put it on the road. The Municipality will uncover it and crib it for the crusher and spread it on the road. In the program is the road from the Sugar Factory to Stirling, the five miles from Raymond to Wellington Junction, and four miles of new graveling from the Tommy Hookings corner west and three miles south to hit the Government road again just west of the Magrath elevators. This totals around 16 miles, and will make a decided improvement in the roads covered. Some local graveling to connect up with main roads is being considered too.

The rest of the meeting was devoted to routine business of the district.

Mrs. Maria Saville is enjoying a visit from her sister, Mrs. Van Holdaway from Oakland, California.

A very successful shower was held for Miss June May Monday night at the Second Ward Church. A large crowd was present and the evening was a lovely lot of valuable and useful presents to start home-keeping with.

RAIN REFRESHES FIELDS AND CROPS

Following two extremely hot and sultry days, a thunder shower came in from the north-west Wednesday afternoon just after 6 p.m., an eye about an hour and a half too late in the town, bringing an estimated half inch of rain to refresh the crops and gardens. It caught some hay in the fields, but most of the first cutting of alfalfa was in the stack and it will give the second crop a very fine start. Beets are making good headway according to the Company fieldman. They are behind the average in growth, but are progressing rapidly and with good growing weather and plenty of water a good average crop is expected. Corn fields are looking fine and the early seed fields should give a wonderful crop.

Germany British Commandos In Osnabruck

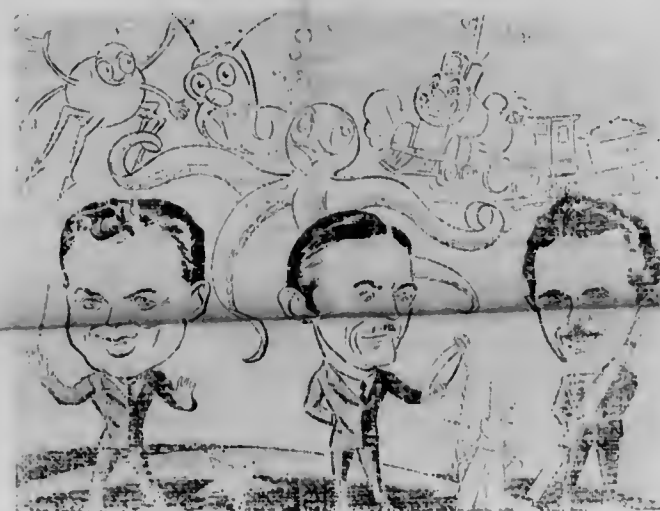

At dawn, Commandos of No. 1 and instructions to the few civil-Commando Brigade entered the town, fighting against slight enemy. Picture shows: Lt. P. Chiswick, of Osnabruck, and P. Manders of Radway, Warwickshire, patrolling the town searching for and Corporal R. J. Angus of Bristol, and an Amplifier Unit (D & on the lookout for snipers among the P. W. propaganda and Psychological ruins of Osnabruck. Warfare), loudspeakers gave orders.

BANK OF MONTREAL CROP REPORT

GENERAL — IN the Prairie Provinces, crop prospects have improved as the result of widespread good to heavy rains. The moisture supply is no longer adequate for the present, except in northern Alberta and south western Saskatchewan, where conditions are only fair. Timely rains will also be needed in other areas of Alberta and Saskatchewan, where subsoil moisture reserve is low. Early sowing gains are entering the soil. But with the season two to three weeks later than normal, a period of warm weather is required to hasten development. Weeds are prevalent, though some control and weeding has been reported. There has been scattered but heavy hail damage in some areas of Alberta. In the Province of Quebec, good growing conditions have prevailed during the past two weeks and crops generally have benefited. Pasture is in good condition. Cutting of hay has commenced and a satisfactory crop is in sight. Root crops are progressing favorably. The crop of apples will be light. Strawberries are generally a good crop. The crop of corn is a good promise of good yields. Additional moisture would be beneficial in parts of the eastern townships. In Ontario, following a period of more favorable weather, prospects for crop and other small fruits are in the season, but the crops are still about two weeks late. Fall wheat and spring crops are making good progress. Corn and peas, while planted late, are showing satisfactory growth. Outlines of hay have commenced and indications are that the crop will be at least average. Tobacco crop prospects are favorable. In the Maritime Provinces, excessive moisture and cool weather have retarded development and germination of grains and crops generally have been slow in most districts. Potatoes are making good progress. Hay and pasture lands are in excellent condition and a good hay crop is anticipated. The ability of the soil to absorb water is a good sign. K. L. Lee and Jack Meers of the Magrath Woolen Mills were Ray mond visitors Friday morning.

Miss Molly Bennett, a bride to be was honored at a shower Wednesday evening in the 2nd Ward Church. The storm kept a number away, but there was a fair crowd present and Molly received a lovely lot of beautiful and useful presents.

Good general rains in northern sections, where precipitation has been light, conditions are only fair. Wheat average nine inches in height and is rapidly coming into show. Blizzards scattered but heavy hail damage is reported in some areas. Sugar beets are promising.

"Here comes our cheque Mummy!"

All over Canada, in cities, towns, villages and on farms, hundreds of thousands of men and women watch for the postman to bring dependents' allowance cheques as other people look for pay-day. They are people of all ages whose breadwinners are away on active service. They include returned men not yet back in civil life.

And soon there will be hundreds of thousands more back from the war. They will receive cheques to help them buy civilian clothes, to go to college, to get technical or vocational training, to start in business for themselves, or to set up as farmers or fishermen.

The banks have to be prepared to cash all official cheques for these and a dozen other purposes—and to do so anywhere in Canada without charge. In fact, the banks supply Canada with the nationwide machinery to facilitate a grateful country's plans for restoring service men and women to civilian life.

This is a tremendous task. It will entail a vast amount of bookkeeping. But you can be sure that your banks will take it in their stride without impairing regular banking service.

MEMORIALS

By Helen Kimball Orgill
 Dazzle-lettered names in gold, the epitaph,
 Austere sculptured columns, statues cold.
 Grim aftermaths of war,
 Again we turn toward peace
 What plan we now.
 Not plaques, but "rows of burnished steel,"
 "Graved on the heart, a plan ideal,
 Words hurled from Sinai for lasting liberty,
 The voice of God obeyed—Memorial to be!"
